

PEMBROKE RECYCLING CENTER

Drop-off Recycling is for Pembroke residents only.

No commercial waste or vehicles are allowed.

Sticker requirements: In order to enter the Pembroke Recycling Center, all residents must have a recycling center sticker on the lower front driver's side windshield. To obtain a sticker, Pembroke residents must appear at the Board of Selectmen, Room 10, Town Hall and provide a valid driver's license and valid auto registration bearing the name of the resident and the Pembroke street address of said resident (post office box addresses are invalid as proof of residency). If a resident is new to Town and has not yet changed his license / registration address with the Registry of Motor Vehicles, proof of residency is required via a recent utility bill or other correspondence showing the name and street address of the resident. There is no fee for the recycling center stickers.

Owning property in Pembroke and living elsewhere does NOT qualify for residency and you will NOT be issued a sticker.

Occasionally, a situation arises where a resident has a large amount of items in need of disposal and needs to use another vehicle, such as a truck or van, that belongs to someone outside of Pembroke. You must be in the vehicle and provide proof of residency to the attendant.

Items that have a disposal fee must pay and receive a receipt before disposing of those items.

Picking of the scrap metal bins is NOT permitted at any time nor under any circumstances. Anyone doing so will be required to leave the recycling center at once.

Other materials to recycle

Bulk metal items and any item that is made of metal should be put in the scrap metal container uncovered and dry. **Empty and dry** latex paint cans are to be put into metal container.

Hazardous Waste: Please make sure containers that contained gasoline, oil-base paint or other hazardous materials are completely empty uncovered and dry.

Significant amounts of hazardous waste must be disposed of during a collection day (see supervisor).

For fluorescent lamps (any size), thermometers and thermostats any batteries, computers, keyboards, copiers, fax machines - please see attendant for proper placement.

WE DO NOT TAKE: LOGS OR BRUSH, STUMPS, ROCKS, BRICKS OR CONCRETE

Take It or Leave It Shop - Bldg. B

Good reusable items and books will be accepted. We must be selective about what we accept so the shop doesn't become filled with unusable items.

We may ask that you put some items in your curbside trash. We do not accept large furniture, lawn furniture, pools or stuffed furniture.

We may ask that you limit your time in the "Take It or Leave It" to 15 minutes.

Please see the chart below for disposal instructions:

Material	How to prepare	Where it goes	Do not include
Single Stream Recyclable Items	Same as for Curbside Pickup	Single Stream Container	
MA Deposit cans/bottles	Rinse clean.	Big bin in Bldg. A; Glass bottles go in crates.
